# JengaConnect Customer Feedback (Buyers and Sellers)

Makerere University · IST2106 · Evening A Group 6 · Live form: https://forms.gle/veDxmqMqBfvS9Rgb6

We are Makerere University students testing an idea called JengaConnect: a mobile website where people can list and find leftover building materials (cement, sand, bricks, iron sheets, timber, tiles and more) near them. Please look at our simple prototype first (https://ejr-arch.github.io/jengaConnect), then answer the questions. It takes about 5 to 8 minutes. There are no right or wrong answers. Taking part is voluntary and you may stop at any time. Answers are anonymised in our report; name, phone and email are optional.

## Page 1: Consent and about you

**1. Consent ***

☐ I agree to take part, and I agree that my anonymised answers may be used in a university report.

**2. How would you describe yourself? ***

○ Buyer (I mainly buy materials)
○ Seller (I mainly sell or have leftovers)
○ Both buyer and seller

**3. What kind of work do you do? ***

☐ Self-builder (building my own home)
☐ Artisan (fundi / mason / carpenter)
☐ Small contractor
☐ Site manager
☐ Hardware shop owner or seller
☐ Other: ____

**4. Where are you based? ***

○ Kampala
○ Wakiso
○ Mukono
○ Other area

**5. When did you last buy or sell building materials, and what was it? ***

Example: "Last month, 10 bags of cement and some sand."

---

**6. Did you take part in our earlier research (questionnaire or interview)?**

○ Yes
○ No
○ Not sure

## Page 2: If you BUY materials

Think about the last time you needed a small amount of material.

**7. What did you do the last time you needed a small quantity of material? How did you find it? ***

**8. How far did you travel, and roughly how much did transport cost?**

Write the distance and the cost in UGX. Write "none" if you did not travel.

---

**9. Where do you look for materials today?**

- ☐ Friends and personal contacts
- ☐ Hardware shops
- ☐ Online classifieds (for example Facebook or Jiji)
- ☐ Directly from construction sites
- ☐ Other: ____

**10. What information must a listing show before you would contact the seller? ***

- ☐ Photos
- ☐ Quantity
- ☐ Condition (new / used)
- ☐ Price
- ☐ Exact location / distance
- ☐ Seller phone number
- ☐ Whether the seller owns the material
- ☐ Other: ____

**11. How would you check the quality of the material and arrange collection?**

**12. What would stop you from contacting a seller on an app like this?**

**13. Would you buy reused (second-hand) material after inspecting it yourself? ***

- ○ Yes
- ○ Maybe, depends on the material
- ○ No

**14. What condition would make you refuse reused material?**

---

**15. Do you also sometimes have leftover material you could sell? ***

If you chose "Both buyer and seller" earlier, please answer Yes.

- ○ Yes (goes to the seller questions)
- ○ No (goes to Your opinion)

## Page 3: If you SELL or have LEFTOVER materials

Think about the last time you had leftover material.

**16. What was the last leftover material you had, how much, and what happened to it? ***

**17. How long did it stay on site, and did it cost you anything (storage, transport)?**

---

**18. Would you list leftover material on an app like this? ***

- ○ Yes
- ○ Maybe
- ○ No

**19. What would stop you from listing it?**

**20. Do you have permission to sell leftover material from a site? ***

- ○ Yes, it is mine to sell
- ○ I need permission from someone else (client / employer)
- ○ Not sure

**21. What would you want to see in a buyer's request before accepting?**

- ☐ Quantity wanted
- ☐ When they will collect
- ☐ How they will transport it
- ☐ Buyer phone number
- ☐ Buyer reviews or reputation
- ☐ Other: ____

## Page 4: Your opinion of JengaConnect

Please open the prototype: https://ejr-arch.github.io/jengaConnect

**22. After looking at the prototype, what do you think it lets you do? ***

**23. Does JengaConnect solve a problem you actually have? ***

- ○ Yes, fully
- ○ Partly
- ○ No

**24. Which features would be most useful to you? ***

- ☐ Browse by material, quantity and area
- ☐ Photos and condition on every listing
- ☐ Asking the seller questions
- ☐ Arranging an inspection
- ☐ Collection status updates
- ☐ Creating a listing for my leftovers
- ☐ Replying to buyer requests
- ☐ Other: ____

**25. What was unclear, difficult or unnecessary?**

**26. What concerns would stop you from using it?**

**27. How does it compare with what you use now (contacts, hardware shops, classifieds)?**

**28. Please rate these statements (1 = strongly disagree, 5 = strongly agree) ***

| | 1 | 2 | 3 | 4 | 5 |
|---|---|---|---|---|---|
| The screens were easy to understand | ○ | ○ | ○ | ○ | ○ |
| A listing shows what I need to decide | ○ | ○ | ○ | ○ | ○ |
| I would use this instead of my current way | ○ | ○ | ○ | ○ | ○ |
| I trust the inspection and collection steps | ○ | ○ | ○ | ○ | ○ |

**29. Who should pay for this service? ***

- ○ The seller
- ○ The buyer
- ○ Neither, it should be free
- ○ Other: ____

**30. Why? And in what form would you accept paying, if at all?**
For example a fee per listing, a share of the price, or something else.

**31. What would make you stop using it?**

## Page 5: Almost done

**32. Is there anything we should have asked but did not?**

**33. Name (optional)**

---

**34. Phone or email (optional)**
Only if you are happy for us to follow up. This will not appear in our report.

---

**35. May we contact you for a short follow-up conversation?**

- ○ Yes
- ○ No

* Required. Branching: Buyer or Both goes to page 2; Seller goes to page 3; buyers who also sell go on to page 3. Everyone then completes pages 4 and 5.
